Patriotic utterances from prominent Southseners are becoming so common that it is impossible to quote them all. Among the best which have been put forth recently is the following from the Hon. Alexander H. H. Stuart of Virginia: "The war has now ended. Let the men of the North and of the South see to it that it be ended in fact as well as in name! Let the bitterness which it engendered be buried out of sight forever! discussions of its issues would be useless. It belongs to the dead past. It has passed into the domain of history. Let us look to the glorious future which lies before us, and let the only contest between the North and the South be as to which can do most to advance the prosperity and happiness and honor of our common country."

south are prepared to go to the most extreme lengths on the question of inflation. They are filled with admira-tion for the Ohio Democratic platform. The Richmond Whig says this uses must be met in the next National Democratic Convention, and it thinks the way to make the assurance of a party victory d ubly sure will be to but the Ohio currency planks into the National platform. It adds: "Ohio leads off grandly on the currency questhe adds: "One leads of graining on the currency ques-tion with the invincible Gov. Allen as the chief and champion of the party of the people. Let her move for-vard with steady step; the true Damocraev of the North and the Conservatives of the South will follow her hag on the national field next year." The Naskrille Hanner is of a similar ophion, and it is almost impossible to find a Southern journal which is not.

OLYMPIC THEATER.

The performers at the Olympic Theater went through a good representative programme of varieties last night. Thirteen acts were condensed into two and a half hours, and many styles of entertainment were illustrated in a bright and efect omanner. In the farce of "A Man of Few Words" the negro character and drollery of West and Queen were pointedly shown. Messrs. Terriey and Cronin danced, with indefatigable endurance, a double jig, both moving like one man. Mr. J. Gilbert, an Ethiopian dancer and singer of comic songs, pleased by his animal spirits and neat execution. The three Siegrist children executed an old but excellent series of acrobatic feats, and won the udience by their pleasantry as well as their skill. The erseverance with which these little creatures keep on ness is thoroughly as good as that of Bruce's spider, and it ness is increagily as good as that of Britanian events every every series of the same general public appropriation. Mr. John Hart—a concedian who understands repose in action, and knows when his point has been made, and cen step at exactly the right moment, and herein is not the bore that the variety actor too often becomes—acted in two old farces, "Who Died First" and "The Haunted House," and, with the aid of Mr. W. B. Cahill, Mr. John Queen, Mr. G. W. Reed, and Miss Addie Farwell, carried them off in a spirited way, and made abundant laughter. Mr. William West handled the banjo skillfully and asked neat musical conundrams. The bleronicon" was heard with admiration for the deft touch with which he brings melody out of the musical glasses. eze, and wedded a masculine frame and manners to a feminine appellation. The Hamtown students—Messrs. Gooding, Gibert, Griffin, and Holdsworth—used their re-markably sweet and concordant voices with the usual seasonable title of "The Fire Fiend," represented, in which the author, Mr. J. Martin, as a flendish Harlequin, evinced great agilty. The defect of this work, which was rather pretentious, and not mirth; and this is bad art in a pantemime. The situations were mostly hackneyed, but some of them elicited laughter. Altogether, this programme may be beld to indicate very well the kind of pleasure that is found at the Olympic. It is not one that enforces the spec-tator to careful reflection on the springs of human conduct; or impels him toward mental satisfy-by exhibiting human life as an endless repetition of the same strenuous endeavors, follies, blunders, pains, and ultimate nothing-

It is a matter for serious public concern, in view of the fact that the Democracy have the control of the lower House of Canness, that the Democracy of so harge and influential a State as Othe, have deliberately ranged themselves on the side of inflation, and in epposition to the only measures which can bring about resumption at the time fixed by law.—[Detroit Tribune (Rep.)

### THE HARLEM FLATS. To the Editor of The Tribune.

Sir: In behalf of all who live on and near Pifth-ave, and Eighty-fifth-et,, and in fact of all in this region, I would beg you to use every influence in your power to have the nuisance about which so much has been lately said, entirely remedied. The air which this evening has been pouring into our windows from the east has been pestilential to the last degree. Unless a thorough remedy is applied, a terrible sickness will over thorough remedy is applied, a terrible sickness will over-take most of those who remain in this situation during the Summer. I learn from this day's or yesterday's issue of your paper, that the use of disinfectants on the Har-lem Flats had ceased. For this reason I now write. The steach remains; something must be done to permanently relieve us, or death will certainly overtake many who are dear to us, and multitudes of others. STARVATION OF INDIANS.

WHAT THE SOLDIERS SAW LAST WINTER. REPORTS OF ARMY OFFICERS ABOUT THE LACK OF FOOD AT INDIAN AGENCIES-INDIFFERENCE OF THE INDIAN DEPARTMENT-POOR QUALITY OF THE FLOUR FURNISHED.

FROM AN OCCASIONAL CORRESPONDENT OF THE TRIBUNE. WASHINGTON, June 20.-The Interior Department has received, through the Secretary of War, the following reports from Gen. Pope, and officers serving in his Military Department, concerning the question of Indian supplies for the tribes in the region of Forts Sill and Wichita. These reports are forwarded by Lieut.-Gen. Sheridan with his approval. Aside from the regular appropriation of \$300,000 for feeding these Indians, Congress, just before its last adjournment, made an extra appropriation of \$300,000 for the same purpose, and provided that it should be immediately available. The reports are as

### HEADQUARTERS DEPARTMENT OF THE MISSOURI.

FORT LEAVENWOITH, Kainsas, May 12, 1875.

Col. R. C. DUNN, Assistant Adjutant-dienced, Milliary Drission of the Missouri, Chicago, Ill.

COLONIL: if addition to the report of Lieut-Col. J. B. Hatch, 4th Cavalry, forwarded en the 17th ult., I have the hour to transmit inclosed the reports of the commanding officers at the Wichita, and at the Cheycane and Arapahoe agencies. These reports are to the same effect and show as bad, if not a worse, condition of things at these agencies than set forth in the report of Col. Hatch concerning the agencies at Fort Sill. While I have received nothing official on the subject. I see from dispatches and reports in newspapers, that the Interior Department, while not denying the facts, has been misled into attributing them to failure of contractors to get forward supplies for the Indians on account of bad roads and bad weather.

If the scarcity of food had been confined to the four or five months of bad weather and bad roads, this explanation migrat be moderately satisfactory so far as relates to supplies which must be hadred in wagons, such as flour, sucar, coffee, etc., but, of coarse, not satisfactory as to their quality and condition; least of all could such explanation cover the case of the beef cattle, which could have been readily driven anywhere at any time of the year and in almost any weather which is likely to prevail in a region so far south. The fact is, however, as reported by all these officers, that this scarcity of food has existed nearly ever since the beginning of the present fiscal year, viz., July 1, 1874. How much longer this condition of affairs obtained is not stated. During the whole Sammer, and Autumn of 1874 the roads were in excellent order, and at no time during the past Winter, even, have we had any difficulty in supplying the troops at the Cheyenne and Arapahoe Agency, as well as the Indians

respectfully, your obedient servant. John Ports,
Brevet Major-teneral U. S. A., Commanding.

REPORT OF LIEUT, KYLP.
FORT SILL I. T., April 27, 1875.

To the Post Adjutant, Fort Sill, I. T.
Sin: I have the honor to report the following facts, which came under my observation, while stationed at Wichits Agency, I. T. There are now at that agency about 1,500 or 2,000 Pawnee Indians, who, I understand, are there temporarily. Their agent is not there, and has not been since they first arrived. These Indians are now in a starving condition. They have nothing issued to them but beet, and that is not coung to keep them two days. Fact robes, procured by them while on their road from Nebraska, are all gone, and they have nothing to barter for provisions. I actuady knew of a poor squaw who was so weak that she fell by the road lide while on her way to camp. They even gather the corn left in the sand by the herses fed there.

It seems to me to be a disgrace to the Government that such a state of things should exist. The agent at Wichita is I on not believe to blame, but in my opinion the fault is above him. The landlars belonging to the reservation have had nothing issued to their since January, and they are about as hourty and storved as the Pownees. If any of three should take to the prairie it will be to save

is above him. The Indians belonging to the reservation have had nothing issued to then since January, and they are about as hourty and storved as the Pawnees. If any of these should take to the prairie it will be to save themselves from survation. They have worked this Spring hard and faithfully with scarcely a good meal a day. Under such circumstances and drawbacks a white man would give up in discust. You cannot arrape with them the "why" and "wherefore," but they say if "Washington is so powerful why does he not send us plenty to cat." There is now a little four on the read for that Agency, but none of it is for the Pawnees; and when it is issued, if they get none (and they will not) I am afraid there may be some trouble.

If I am correctly informed (and I believe I am) the contract for flour is made for its delivery on the cars at Kansas City, Mo. On the receipted bill of lading the contractor gets ins pay, and the transportation contract is made in such a way that the contractor may had the stores when he gets ready—in the mean time the Indians are the sufferers. I make this report doesning it nece easy that the military authorities should know how the matter stands, so that in case any of toe Indians at the Wichita Agency (who are peacefully inclined) should take to the prairie, it may not be claimed by the Agent's that such action was caused by the interference of the military authorities. Very respectfully your obedient servant, W. Kytik, First Lieut, 116 t. V. S. Inft.

REFORT OF LIEUT.-COI. NEILL.

FORT RILEY, Kas., May 7, 1875.

To Lieut.-Col. R. Williams, Assistant Adjusted General U.S. A., Headquarters Department of the Missoner, Fart Leavemorth, Kansas.

Colonel: I have the honor to report, in accordance with instructions received this day from the General commanding the Department, that I was in command at Calyenne Agency, I.T., of all troops operating against hostile Indians from Aug. 15, 1874, to Agrid 29, 1875, from that point. During tals time I have had daily and constant opportunities of observing the manner in which the friendly Arapanores and Cacyennes have heat fel and carel for by the Indian Agent John D. Miles. The Indians referred to are those who remained peacefully on their esservation.

the triendity Arapanoes and Cneyennes have been to I and cared for by the indian Agent John D. Miles. The Indians referred to are those who remained penectully on their reservation.

Ever some my arrival at the Agency the, Indians above referred to have been poorly and irregularly ted with insufficient rations of a very inferior character, and especially the beef, which was simply outrageous and cost the Indian Bepartment only \$1.61 per 100 pounds. About the 16th of January, 1875, the Indian Agent was obliged to send away from the Agency 1.750 riendly Arapahoes and about 260 triendly they cames on a buffalo hunt for 70 days to prevent starvation.

This failure to feed these Indians by the Indian Department in a proper and sufficient manner creates discontent and suspicion of unity decling, and is, in my opinion, a fruitful cause of Indians leaving their reservations and going on the warpath. The ration allowed by the Indian Department is too small to prevent hanger, and was made with the expectation that the Indian would derive a portion of his subsistence from hunting, which he does not do, on his reservation. The ration, small as It is, is supplied at irregular and nucertain times, from the failure of Contractor Graham to had supplied from Caddo. This course has, nowever, been frequently, clearly, and fully expected to the Interior Department, and means have been suggested to remedy this evil. No such steps have been tracen; the evil is as great as ever, and the friendly Indians above referred to frequently ask the Indian Agent how much longer he is going to he about their annuable and rations. I deem it amact of justice to Agant John D. Miles to say that he is in no wise individually responsible for the want of food for these Indians, that he deprecates the shanneful administration of triansportation of rations as strongly as any one, and I believe he has done all he could to represent the true coulding the proper in the failure of the had done of the could to represent the frequency for a strend of the fail

issued to these Indians is simply wretched, and has been so for several years. I am told the Government pays the price of good quality. In 1871-2 an immense quantity of what purported to be flour was received at Fort Sill, I. T., by Mr. Tatum, their Agent. I talked freely with Mr. Tatum about it at the time, and learned that he had tried and found that bread fit to eat could not be made from it, and on that account would not receive it then from the contractor, nor at all except under orders from his chief, and not then without protest. I afterward learned that Mr. Tatum sent a sample to Lawrence, and was informed by the Superintendent that it was about as good as the sample furnished by the contractor when making his bid, and he would have to receive it. Indians are not fastidious in their eating, but it was notorious at Fort Sill that they esteemed this flour unfit to eat, and generally threw it away in the vicinity of the Agency, keeping only the sacks. My recoilection is that there were about forty wagon-loads of this stuff. Millitary supplies to an extraordinary amount have been transported continuously during the past Winter over the same route that it is objected Indian supplies could not be carried on account of the badness of the roads. I believe a thorough and honest investigation by parties familiar with frontier work will show a state of things far worse than I have represented. Very respectfully, your obedient servant,

First-Lleutenant, 10th Cavalry.

Saville's letter of resignation, and his letter in reply to Prof. Marsh's statement regarding the quality of the supplies at Red Cloud Agency:

The Hon. E. P. Smith, Commussioner of Indian Agairi.
Dean Sin: In consequence of the repeated attacks made upon me by the unwarranted and sianderous statements of certain irresponsible and maliciously disposed parties, I fluid my influence with the Indians damaged and the work of the Church embarrassed. I therefore respectfully tender my resignation of the office of Indian Agent at Red Cloud Agency, Nebraska.

An early acceptance of this resegnation is requested. If, however, any enarges are resting against me which require an investigation, I respectfully request that you defer the acceptance of my resignation until I am acquitted of such charges. Very respectfully, your obedient servant,

J. J. Saville, United States Indian Mg. mt.
Wastismos City, ame a, 1875.

The Hon, E. P. Smith, Commissioner of Indian Agins.

Sin: My attention has been called to statements of Prof. Marsh regarding qualities of supplies furnished and management of affairs at Red Cloud Agency, which reflect both on my ability as an agent and honor as a man, and also involve others both in and out of the Department. I have availed a time, thinking this to be one of the usual effervescences of the moment, but it is pushed with a persistence and malignance that call for an official notice from me.

I have not seen the statement of Prof. Marsh as first published, but know of it only from extracts that I have seen in the papers, and have derived from personal conversation with him.

In the month of November, 1874, Prof. Marsh visited Red Cloud Agency on a scientific mission, Walle there it appears from his statement he received from Red Cloud and Red Dog, two chiefs at the agency, certain samples of unmerchantable provisions banch the allows of the samples to the Board of Indian Gumissioners at New-York.

I have the honor to inform the Commission that when I took charge of the Agency there was some damag

with the goods in the warehouse in 1838, or vindicated the Agent.

This he had ample apportunity to do had he so desired, and at the time of his visit, two other gentlemen went through the warehouse with Red Chand, and examined all the stores which Red Cloud pronounced better than they had ever been before. I positively affirm that with the exception of the damaged flour at the agency when I took charge. I have never received or issued any unterchantable supplies. The flour furnoshed by the Department, though not as light as ordinary flour, is sweet and no cause of complaint among the Indians.

The interior cattle shown to Prof. Marsh and Gen. Bradley were two of them rejected; ine balance were left from the receipts of several bundred, and were run down from some cause and left to recruit on the range. I have the homor to request the Commissioner to investigate the charges of Prof. Marsh against me, and I will furnish any information in my power. I expect to be able to fully vindicate my official conduct and honor as a man, and, if successful, propose to refire from the service. Very respectfully, your obedient servant,

J. J. Saville, U.S. Indian Agent.

## THE ALSACE-LORRAINE SOCIETY.

CHARTTARIE WORK OF THE PAST YEAR-ANNUAL MEETING AND DINNER.

The Alsace-Lorraine Society held their fourth annual meeting last evening at the Hotel Brunswick. Joseph Straues presided. The President read his annual persona had been fed, lodged, and furnished with employment; 82 were fed and lodged, 22 received sums of money, 46 were sent to the interior of the country, 127 were furnished with employment, 41 received medical treatment from the physicians of the Society, and 70 were supplied with medicines; 10 were sent on to their places of destination, 1 was started in business, 28 were sent back to their Society. The Society also recovered a considerable quantity of baggage which had been lost in France and England, and had secured the punishment of several persons who had defranded the immigrants either on the

sons who had defranded the immigrants either on the way or on their arrival here.

The President then exhorted the members to continue in this patriotic work and always to protest against the violent and arbitrary separation of Alsace and Lorraine from France until the man who places night before right has returned these provinces to the nother country. He then read the treasurer's report, which showed the receipts during the year to be \$1,218 tos; expenses, \$4,859 53; balance, \$1,200 61. The result of the election of officers for the cusuing year was as follows; President, Joseph Strauss; First Vice-President, L. de Zarmand; Second Vice-President, J. Tarter; Board of Trustees, the above officers, with J. Blum and A. H. Alker; Secretary, P. de Lussen; Freasurer, A. d'Ouville; Examining Committee, F. Gournay, P. J. Pfandmiller; Counsel, A. H. Alker, J. A. Dos Passos, and W. Brooks; Physicians, Dr. Mourraille, Dr. Chanveau, Dr. Goulden, and Dr. Larrieu. After the meeting the members partook of a collation.

# A MOTHER ABDUCTS HER CHILD.

AN INCIDENT OF THE PERGUSON DIVORCE CASE-MES. FERGUSON SURPEPTITIOUSLY TAKES HER TITTLE DAUGHTER FROM HER HUSBAND'S CUS-TODY.

Considerable excitement was caused in Brooklyn social circles during the latter part of February by announcement that Louise A. Ferguson, the young wife of Henry C. Ferguson of Brooklyn, had cloped with Edwin Rowe, formerly a sugar merchant in this city, taking with her a little daughter named Mabel, aged five years. Henry C. Ferguson is a Costom-house broker, doing business at No. 41 Pine-st. He was married six years ago. His wife is about 28 years of age and was a prominent member of the Amaranth Dramatic Association of Brooklyn. She took an active share in all the public performances of the Society, playing the leading comedy parts. Edwin Rowe was also a member of the Society, and at the rooms of the Association Le became acquainted with Mrs. Ferguson. After the alleged elopement occurred, Mr. Ferguson, intent on re-gaining possession of his daughter, employed James Dunn, a private detective of No. 113 South Fifth-ave. to overtake his wife and regain the child. Mr. Denn followed Mrs. Ferguson through several States and into Canada. She had visited Montreal, London, Clifton, Quebee, and a number of the other Canadian cities. On April 24 the detective found Mr. Rowe and Mrs. Fergu-son at the Falmouth House in Portland, Me. Mrs. Ferguson with the child returned to New-York. Her husband instituted proceedings for obtaining a divorce at

once, and applied for the custody of the child.

A few days ago Judge Lawrence, after hearing the case, granted Mr. Ferguson's request, pending the result of the divorce case, allowing Mrs. Ferguson to visit the child at such times as she might choose. She took advantage of Judge Lawrence's ruling and saw her daughter very often. Her last visit was on Saturday, June 19. Yester day morning, while little Mabel was playing in front of her father's residence, at No. 140 West Fifty first-st., she was abducted. Detective Dunn had received informa-tion from a private source that the child was to be stolen, In the bein piedged to feed those Indians. One word more, These Indians have been properly care for in every other respect, so far as the means were introducted to the Agent, which is the found the seven where the motion is the found the seven where the motion is the found th

TROTTING RACES.

CONTESTS AT FLEETWOOD PARK. The trotting at Fleetwood Park yesterday afternoon was witnessed by a much larger crowd than was present on the second day of the June meeting. The betting was spirited at first; but owing to the jockeying disposition of some of the drivers, the continual delays, and disgraceful contentions, the interest flagged decidedly toward the last. The first race was a match between John Murphy's Charlie Green and James Dongrey's White Clond, for \$500, mile heats, best three in five Charlie Green took the first and second heats, though the trotting was close. White Cloud gained the third heat. The betting now stood \$250 to \$95, still in Charlie

castly in 2:364.

The second race was for a purse of \$1,000, for horses which had not beaten 2:34; \$550 to the first horse, \$300 to the second, and \$150 to the third; mile heats, best

which had not beaten 2:34; \$550 to the first horse, \$300 to the second, and \$150 to the third; mile heats, best three in five. Eight horses started. Trimble's Zephyr was the favorite in the pools. Zephyr took the first heat in 2:35'9, Mace's Lena Case second, and Henry Gilbert third. Zephyr also took the second heat in 2:32'4. It became evident in this heat that Henry Gilbert was not being driven for first money. The crowd clamered loudly for a change of drivers, and several angry and disgraceful seenes took place. After some deliberation a change of drivers was made. In the last heat Zephyr sold at \$150 against \$15 for the fill. The favorite took the hast heat and race to 2:30; Henry Gilbert winning second, and Lena Case third noney.

The third race was for a purse of \$1,000 for the 2:31 class; \$550 to the first horse, \$300 to the second, and \$150 to the third, mile heats, best three in five. Five horses started. J. P. Gilbert's Little Dorritt was largely the favorite. Moses Whipple's Lady White wort to the front, and kept the lead to the wire. The time was 2:3's. Little Dorritt was the favorite in the second heat at \$75, while the field sold for \$70. Mas Miller won the heat in 2:30's. In the third heat Matt Janner was made the favorite in the pools for \$100, against \$34 for the field. The mare took the heat and first money in 2:30's. Lady White now sold in the pools for \$100, against \$34 for the field. The mare took the heat and first money in 2:30's. Miller being awarded second and Matt Janner third money.

AT PROSPECT PARK.

AT PROSPECT PARK.

There was a tolerably good attendance at the Prospect Park races yesterday. Five entries were made—Venture, Clippy, Blucher, Damsel, and Dalsy. Before the racing began Blucher was the favorite, and sold for \$40 against \$52 for the field. The first heat was won in 2:5512 by Clippy, Venture coming in second, won in 2:55½ by Clippy, Venture coming in second, Blucher third, Damsel fourth, and Daisy fifth. After this heat the favorite place in the betting transferred to Clippy. In the poots on the second field Clippy sold for #60 against \$100 for the field. It was won by Glippy in the same time as on the first, the other houses coming in in the order previously mentioned. Blucher and Daisy broke a number of times during the heat. In the third heat pootselling, Glippy sold at \$100 to \$60 for the field. Clippy in this heat broke up badly, as did Damsel and Blucher. The heat was won by Venture in 2:51. Damsel came in second, but was set back to fourth for having run the first quarter. After this heat no pools were sold. The fourth heat was won by Venture in 2:514. The fifth heat and race were won by Venture in 2:52.

## SPORTING NOTES.

The Princeton Club has arranged for a six-

to a four-oared race, to take place on the Passaic River, July 5. In the annual single-scall race for the championship badge of the Passaic Boat Club, on Saturday

evening, F. S. Fortmoyer was declared the victor, having rowed two indes, straight away, in 13 minutes and 50 A boat race will be rowed on the Harlem River to-day at 4:30 p. m. The contestants will be Yates and Eainbridge, and the distance three miles. On Thursday a deside scall race will take place at the same hour and over the same distance. Yates and Curtis will row against Smith and Balbridge.

A race, open to schooners belonging to the Atlantic, Brooklyn, Boston, Eastern, New-York, and Seawannaka Yacht Clubs, will be sailed on Thursday next, from sandy Hook, for prizes presented by the Cou-modore and Rear-Commodore of the Seawanlaka Club. The course will be 20 miles out to sea and return.

Coleman Cleland, stroke-oar of the crew entered by the Dauntless Boat Club for the regatta of the Harlem Association, to be held on June 26, has met with a severe accident, and it is doubtful whether or not the crew will be able to row.

### DESTRUCTIVE THUNDER-STORM IN THE WEST.

HEAVY DAMAGE AT KANSAS CITY.

KANSAS CITY, June 21 .- The most terrify storm since 1844 visited this section on Sunday night, lasting four or five hours. The root fell in torrents, and was accompanied with hall and heavy thunder and was accompanied with hail and heavy thunder and lightning. Several houses were struck by lightning and a number uncoded. The storm extended over an area of 50 or more adles to the south and south-west. The damage to farms is great, fences being washed away and fields of corn on the bottom lands submerged and damaged. Three bridges were washed away on the Fort Scott read and two on the Kansar Pacific, and six cars ditched on the North Missouri road.

THE STORM CROSSES ILLINOIS. CHICAGO, June 21.—Special dispatches from the central portion of the State say that one of the heaviest storms ever known there swept through that section has night and this morning, doing great damage to railroads, fences, evops, &c.

DOMESTIC MISSIONS OF THE REFORMED CHURCH. The Board of Domestic Missions of the Reformed Church met yesterday at the Synod Rooms, at No. 34 Vessyest, for organization. S. R.W. Heath of Newark, was elected President; the Rev. Paul D. Van Cleef, Vice-President; the Rev. O. E. Cobb, Recording Secretary; the Rev. Jacob West, Corresponding Secretary; John R. Smith, Treasurer. An Executive Committee was ap-

Smith, Treasurer. An Executive Committee was appeinted, consisting of the Eev. P. D. Van Cleef, S. R. W. Heath, the R. V. William Ornalston, John W. Ferdon, the Rev. John H. Durce, Sammel B. Slewart, the Rev. Issac Riley, and the Rev. John R. Smith.

The annual report for the past year shows the whole amount received in the treasury to be \$53,929 82. Aid has been extended to 14 church enterprises, and 80 churches and missions were added. The number of Sabbath schools reported is 94, with 7,551 scholars. Four churches have assumed their own support. # MR. KELLOGG'S BACK PAY.

THE TRIBLE IS SCANDALLED THAT Stephen THE TERRINE is scandalized that Stephen W. Keilogg, late Republican Le-presentative in Congress from the Hd District of Competitivit, does not take his \$5,000 of "back pay" and "cover it into the Treasury." We sympathize with The Traisurse in this matter, but how are we to accomplish anything effective in getting that \$5,000 out of Kellogg f Kellogg took what the law awarded-or can take it if he wants R-like a good many other men, both Democrats and Republicans. But Kellogg has gone into retirement, and why should we lift the curtain on him every few days f Honest or dishonest in his action on the "back pay" matter, he is out of pointies, unless us belongs to the great Democratic party, members of which are allowed to pocket all the "swag" they can carry, under a special and unwritten constitutional provision.

West, and finally to Philadelphia, where he was arrested to-lay. He was brought to Saltimore and committed as above.

THE FIRE RECORD.

IN THIS CITY.

About 1 a. m. yesterday a fire was discovered in a frame building on Morris-ave., near One-hun-dred-and-forty-ninth-st. The house was owned and occudred-and-forty-ninth-st. The house was owned and occupied by Charles Barnes. It was used as a grocery store and dwelling-house. The fire was put out by Roundsman Clark and Odleer Riley. The building was insured in the Westchester Company for \$5,000. It is supposed that Barnes set fire to the building, hoping to obtain the insurance money. He was arrested to await an investigation.

A fire broke out about 9 p. m. yesterday in the basement of the building at No. 538 Second-ave., causing damage to the extent of about \$1,400. The basement was used as a restaurant by Mrs. A. J. Bolmer. The first floor was used as a millinery store. The building was owned by T. Smith. The insurance on the building and contents amounts to \$1,900. The cause of the fire is unknown.

FIRE ON A PHILPOT-ST. WHARF IN BALTIMORE. BALTIMORE, June 21.—This afternoon a fire broke out in the engine-room of B. S. Wellener's Chesa-penke Marine Dry Dock and Steam Eailway, Philpotet., and the building, which was an extensive one and occu-pied by several firms, was entirely destroyed. Besides Wellener, the losers are John K. Cook, block and pump-Wellener, the losers are John K. Cook, block and pump-maker; Richard Callahan, ship carver; J. W. Sungson, ship Johner; and Philip Sherwood, ship smith. The Patapseo Guano Company establishment was slightly damaged, as was also the rigging loft of Brown & Depacpe. Three dwellings adjoining were almost totally destroyed. The total loss is estimated at \$15,500.

The buildings and stocks are insured for \$18,000 in the following companies: National and Firemen's of Balti-more, \$3,000 each; Lancaster of Pennsylvania, Meriden of Connecticut, Lycoming of Pennsylvania, and Security of New-York, \$2,300 each; and the Peabody of Balti-more, \$2,000.
